No prior verification of such pay fixation cases by the Accountant-General, West Bengal, will be required. Instead, a statement showing the amount of pay now fixed along with that on 31st July 1956 should invariably be attached to the first bill in which the claim for such pay in the new scale is first drawn; entries of this pay and of the new scale being made accordingly in the Service Books under proper attestation.

(*Vide* Dy. India 4076/TM1789, dated 8/56 and Dy. India 9647/TM3602, dated 1/57. Filed in Bl.TM/15-1, Vol. III).

Copy of office memorandum No. F.4(4)-Est.III/56, dated 9th August 1956, from the Government of India, Ministry of Finance, New Delhi.

Subject:—Revision of the prescribed scale of pay for clerks and other non-clerical personnel employed in the subordinate and other offices of the Government of India.

The undersigned is directed to invite a reference to the Ministry of Home Affairs office memorandum No. 27/2/56-CS(D), dated 1st June 1956, under which the prescribed scale of pay of Rs. 55—3—85—E. B.—4—125—5—130 applicable to III/Lower Division Clerks in the Secretariat and Attached Offices participating in the Central Secretariat Clerical Service Scheme, has been revised to Rs. 60—3—81—E.B.—4—125—5—130. The Government of India have had under consideration for some time past the question of extending this revised scale of pay to the clerks employed in the subordinate offices as well as offices not participating in the Central Secretariat Service (Reorganisation and Reinforcement)

Schemes. It has now been decided that the prescribed scale of pay of Rs. 55—3—85—E.B. 4—125—5—130 applicable to clerks and other non-clerical personnel (technical and executive) working in subordinate offices as well as in offices not participating in the Central Secretariat Service (Reorganisation and Reinforcement) Schemes should also be revised to Rs. 60—3—81—E.B. 4—125—5—130.

2. The revised scale of pay will be admissible not only to new entrants, but also to all existing personnel recruited initially in the prescribed scale of Rs. 55—3—85—E.B. 4—125—5—130. In the case of the latter, the decision may be given effect to by granting an *ad-hoc* increase of Rs. 5 over the pay drawn by them immediately prior to 1st August 1956, except where the maximum of the scale had been reached already. The pay so arrived at will be shown at the corresponding stage in the new scale, or, if there is no such stage at the next lower stage and the excess absorbed in future increments in the revised scale.

3. The revised scale of pay will be effective from 1st August 1956.

4. In so far as the clerks and other non-clerical personnel working in the Indian Audit Department are concerned, these orders have been issued in consultation with the Comptroller and Auditor-General of India.

Copy of office memorandum No. F.4(4)-E.III/56, dated 14th January 1957, from the Government of India, Ministry of Finance (Department of Expenditure), New Delhi.

Subject:—Revision of the prescribed scale of pay of clerks and other non-clerical personnel employed in the subordinate and other offices of the Government of India.

The undersigned is directed to invite a reference to the Ministry of Finance O.M. No. F.4(4)-E.-III/56, dated the 9th August 1956, on the subject mentioned above and to state that in the course of implementation of the orders contained therein, certain Ministries and Departments of the Government of India have asked for elucidation on the following points:—

(a) the scope of the expression "recruited initially" occurring in paragraph 2 of the office memorandum;

(b) date of accrual of annual increment on refixation of pay in the revised scale; and

(c) how the efficiency bar should be applied while refixing pay in the revised scale.

2. After careful consideration, the Government of India has been pleased to decide as follows:—

(a) the words "initially recruited" occurring in paragraph 2 of the office memorandum should be deleted and that the *ad-hoc* increase of Rs. 5 should be given to all clerks, over the pay drawn by them immediately prior to 1st August 1956 in the scale of Rs. 55—3—85—E.B.—4—125—5—130 except where the maximum of the scale had been reached already.

(b) The next increment of the staff in question should be allowed on the normal date of increment.

(c) In the case of staff whose pay is increased beyond the stage of efficiency bar in the scale as a result of the *ad-hoc* addition admissible under the above mentioned orders, the efficiency bar should be applied at the time of the next increment.

3. In so far as the staff working in the Indian Audit Department are concerned, these orders have been issued in consultation with the Comptroller and Auditor-General of India.

T. M. GHOSH,
Dy. Accountant-General (Central),
West Bengal.

Subject:—Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. T.M./591.—29th January 1957.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 14th March 1957. The words "To be paid on or before the 30th March 1957" should be written prominently in red ink on the top of each bill. In respect of charges actually incurred, or claims accruing on or after the 14th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is preoccupied with the passing of monthly bills payable on the first working day of April.

2. Three clear days are required by this office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day, should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(a) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(b) If any charge requiring sanction of a higher authority is claimed in a bill the sanction should be attached to it. As no payment can be made on the authority of copies of orders the sanctioning authority should be requested to communicate the orders to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bills.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 14th and 30th March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery counters of this office will be kept open till 3-0 p.m. on the 30th March. No payment will be made after that hour.

8. Establishment Bills for March 1957 will be paid by this office on the 1st April 1957 instead of on the 30th March 1957.

Subject:—Permanent Advance

No. T.M./592.—21st January 1957.—According to sub-rules (4) and (6) of rule 88 of the West Bengal Financial Rules, Volume I, read with "Note" below paragraph 488 of the Bengal Audit Manual, appropriate amount of a permanent advance should be fixed by taking into consideration only those contingent claims of an establishment which are of petty and emergent nature and which have to be paid before the Drawing Officers can draw the funds from the treasury through regular contingent bills. A case has, however, arisen in which a Departmental Officer of the State Government interpreted the words "each contingent bill cashed" occurring in the aforesaid "Note" of the Bengal Audit Manual otherwise than what has been stated above. In order, therefore, to remove all doubts in the interpretation of the "Note" below paragraph 488 of the Bengal Audit Manual, the following sub-paragraph as "Explanation" has been inserted below the said "Note" as an amendment thereof:—

"*Explanation.*—The expression 'each contingent bill' occurring in this paragraph relates to only those contingent claims of an establishment which are of petty and emergent nature and which have to be paid before the Drawing Officers can draw the funds from the treasury through regular contingent bills".

[Government of West Bengal, Finance Department, Audit Branch, memo. No. 4698F., dated 20th December 1956.]

Subject:—Expenditure incurred against advances from the Contingency Fund of West Bengal

No. T.M./593.—7th February 1957.—According to rule 11 of the Contingency Fund Rules of West Bengal actual expenditure incurred against advances from the Contingency Fund of West Bengal is to be recorded in the accounts relating to the Contingency Fund in the same detail as it would have been done if it had been paid out of the consolidated fund of West Bengal. In order to ensure that all such expenditure is correctly exhibited in the accounts, it has been decided that all bills connected with it should invariably be labelled conspicuously as pertaining to the Contingency Fund of West Bengal. All Drawing Officers of the Government of West Bengal are, therefore, requested that while preparing bills relating to such expenditure it should be seen that they are invariably labelled as pertaining to the Contingency Fund of West Bengal.

2. All Treasury and Sub-Treasury Officers in West Bengal are also requested to ensure that all bills pertaining to the Contingency Fund of West Bengal presented to the treasury for payment are labelled conspicuously as such by the Drawing Officers.

Subject:—Introduction of Decimal Coinage

No. T.M./594.—29th January 1957.—Attention of all Heads of Departments and Offices and all Drawing and Disbursing Officers under the audit control of this office is drawn to the fact of introduction of the new coinage system from 1st April 1957. From this date all accounts (*initial as well as compiled*) shall have to be maintained in terms of Rupees and Naye Paise (Rs. nP) instead of Rupees, annas and pies as hithertofore. All chalans in support of money tendered in payments of Government dues should, therefore, be expressed in new coinage. Similarly, all bills for withdrawal of money should also be expressed in Rupees and Naye Paise. The forms of bills, chalans and other records of account will be revised to provide only two columns to show Rupees and Naye Paise (Rs. nP). The existing forms should however be used by suitable modification to conform to the above procedure. The following standard method of expression should be adopted:—

(i) Rupees Twenty-five and five Naye Paise—as Rs. 25.05.

(ii) Rupees Twenty-five and fifty Naye Paise—as Rs. 25.50.

(iii) Rupees Twenty-five and eighty-three Naye Paise—as Rs. 25.83.

A similar method will also be adopted when the amounts are posted in the money columns of different account books, forms, etc. Thus in posting an amount of Rupees Twenty-five and five Naye Paise—25 will be entered in the "Rs" column and 05 in the "nP" column and so on.

To avoid any difficulty in the matter it is requested that special care may kindly be taken to see that all bills drawn in March 1957 and onwards to be paid in April 1957 and onwards and all schedules of deductions accompanying the same conform to the abovementioned procedure of expression in the decimel system.

It is desirable that Heads of Offices should take necessary steps in advance to have sufficient stock of decimal coins of the denomination of 10 Naye Paise and below so that payments by them or by their subordinate organisations to individuals may be made from 1st April 1957 in decimal coins. The existing coins in possession of departments on 1st April 1957 and those to be received subsequently should be got exchanged at the Reserve Bank of India, the State Bank of India or at the Treasury at convenient intervals. In cases, however, where such exchange is not possible, it may be necessary to conduct business in existing coins also. As, however, the number of transactions in each coins is not expected to be very large, it may not be necessary to maintain a Cash Book in departmental offices in three columns as in the case of the Cash Book of Treasurers of non-bank treasuries. Instead, the Cash Book may be maintained in a single money column as at present with two sub-columns for Rupees and Naye Paise. When in respect of any item of receipt and payment the actual money tendered includes present coins the amount as tendered should be incorporated in a Subsidiary Register in the Form as indicated below. The procedure for the adjustment of the net gain or loss is under examination of the Comptroller and Auditor-General of India and instructions will follow separately.

DEPARTMENT OF IRRIGATION AND WATERWAYS

NOTIFICATION

No. 8-I.—7th February 1957.—The following draft rules and schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Aulia Reservoir Scheme is published as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 22nd March 1957 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered.

DRAFT RULES AND SCHEDULE OF RATES AND APPENDICES

Leases for a term of years

1. The country served by the canals of the Aulia Reservoir Scheme shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or

Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to

these rules. This application shall be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix IV to these rules, and shall at once supply water.

Season Leases

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June may be presented at the Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given as Appendix V to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VI to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division, through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), shall be computed from the date on which the statement of the charge may be furnished to the persons assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes, in the occupation of lands, shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under the special orders of the State Government.

Irrecoverable demands

37. The Superintending Engineer may sanction the writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. ANNEXURE

In the matter of an industrial dispute existing between Messrs. Imperial Chemical Industries (India), Ltd., I.C.I. House, 34 Chowringhee, Calcutta-16, and their workmen represented by I.C.I. & Associated Companies' Employees' Union, 18 Strand Road, Calcutta-1. (Case No. VIII-80 of 1955.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal*

Appearances:

For the Company: Shri K. B. Basu, Counsel, assisted by Shri K. L. Chatterjee of Messrs. Orr, Digname & Co., Solicitors.

For the Union: Shri S. K. Acharyya, Counsel, with Shri Patit Paban Pathak.

Demand for bonus in addition to the amount voluntarily paid by the Company Messrs. Imperial Industries (India), Ltd., has led to this reference made by Government order No. 4014Dis./D/11L-43(A)/55, dated Calcutta, the 7th September 1956. The point for adjudication is in the following form:—

(1) Additional bonus for the years 1951-52 and 1952-53.

The Company carries on business in heavy chemicals, explosives, dye-stuff, etc., and has according to the Union complete monopoly in this line of business. It is also selling agent for Imperial Chemical Industries (London). The Company is at the zenith of prosperity, collecting fabulous profits year after year but its attitude towards the employees in the lower ranks is an antithesis to the supremely generous attitude to the officers for whom lavish expenditure under sundry heads is borne without stint. For the years 1951-52 and 1952-53 bonus approximately equivalent to six weeks' basic wages has been paid though the available surplus for bonus-payment fully warraned payment of a much larger amount. The claim made by the Union is for two months' basic pay as additional bonus for each of the two years.

The Company while repudiating disparaging allegations made in the Union written statement held fast to the case that in view of the trading position in the years under reference the amount paid is fair and adequate. The claim for more is entirely unjustified. Another point raised is that the claim is belated and hence not entertainable.

With regard to the claim for additional bonus for the year 1951-52 the Company raised a side-issue that the employees had accepted the payment made for that year without protest. A belated demand at a subsequent stage is not entertainable. Referring to the letters Ext. 1 and Ext. A learned Counsel for the Company submitted the argument that the claim was made in December 1953. Accounts for 1951-52 had been long closed. A stale claim cannot be permitted to be raised after the efflux of so much time. Settled accounts cannot now be re-opened. The financial year closed with the end of September 1952. The Union could not prefer any claim so long as it was not in possession of authentic information regarding the trading profits of the year. The Company does not permit access to its balance sheets and profit and loss account. They are treated as confidential documents (*vide* Ext. 1c). The Union was trying to ascertain the true position but the Company withheld materials from which necessary data could be obtained. Exhibit 1(c) is dated the 24th September 1953. Evidently correspondence was going on for some time. Since the Union could not lay its claim before the exact financial position was gauged and circumstances proved show that it spared no pains to gather necessary information, the Company refusing to supply information cannot plead that the claim should fail on the ground of delay. On this point I find in favour of the Union.

FINDINGS

In the midst of differences the parties are in agreement on one point, viz., that the Company not being a manufacturing concern and being engaged merely in the sale and distribution of imported and locally purchased goods the famous Full Bench formula for assessing the available surplus has no application in this case. We are not required therefore to set our course in accordance therewith. We have got to mould our decision on general considerations.

Parties have submitted calculation-charts prepared in the light of their respective notions which are reproduced below with liberty being taken to shift the position of certain items in the Company's charts to maintain the same sequence as in the Union charts.

Net profit as per accounts of the Company, provision for taxation, depreciation as per accounts and income-tax depreciation are the same in both charts. They are outside the range of controversy. Bonus paid to the uncovenanted staff amounting to Rs. 6,44,114 has been dropped from the Union chart. I don't see why. It should be added to determine the gross profits as rightly done by the Company. In the balance sheet of the year concerned Ext. B, Rs. 57,000 figures as unclaimed balances. Not being trading profits these have got to be deducted. The next item in the Company's chart is income from investments. The balance sheet shows that Rs. 43,82,680 had been invested in shares of the Alkali and Chemical Corporation of India, Ltd. Appellate Tribunals have held that income by way of interest on investments made from reserves are unrelated to the employees' efforts and must therefore be deducted from the gross profits for the purpose of ascertaining available surplus. Union can claim no share in this income. Reference may be made to the case reported in 1956, 1 L.L.J., page 458, in support of this proposition.

P.W. 1 prepared the charts used by the Union. He stated that profits on sale of sundry fixed assets were not deducted by him as they are capital profits. Since bonus is payable out of trading profits and this item is admittedly outside the category, deduction should have been made. The Company's chart is found to be correct in this respect. In the Company's chart a sum of Rs. 1,00,000 received from Messrs. Parry & Co. as compensation for premature cancellation of an agency agreement has been deducted. P.W. 1 made no such deduction as in his estimation the Company could have mopped up more than one lakh of rupees if the agency were left free to run its course. In supporting the deduction the learned Counsel offered argument that this item did not, properly speaking, belong to trading profits. I am unable to endorse this view. The agency agreement was an integral part of the normal operations of the Company. The income arising from sale of Parry & Co.'s goods was undoubtedly in the category of trading profits. Compensation paid represented these profits in commutation. Paid in a lump this money did not assume any alien character. The Union was hence justified, in my view, in treating the compensation money as part of the profits.

The Company has charged interest at the rate of 8 per cent. on its capital and 6 per cent. on reserves alleged to have been used as working capital. In the Union chart interest on capital has been calculated at 6 per cent. No interest has been allowed on the reserves. Interest at an enhanced rate has been claimed on the capital on the ground that the Company had to face risks of serious setback on account of formidable competition in the market and the vacillating import licence policy of the Government characterized in the written statement as "erratic". The decision reported in 1956, 1 L.L.J., page 438, was cited in aid of the claim for higher interest. Dealing with a case where the product of an Ice Factory was the stock-in-trade their Lordships allowed interest at 9 per cent. as the nature of the business was such that a great deal of waste and other risks were involved. No parallelism really subsists between the Ice Factory case and the present case. This Company is not trading in perishable goods. Waste is not a normal day-to-day incident in the case of the commodities sold by this Company. The import policy affects all commercial houses dealing in same sort of goods in equal measure. No case for preferential treatment in regard to interest can be held established. I would therefore reduce interest on capital to 6 per cent.

In 1951-52 the Company got a loan of Rs. 4,90,00,000 from the Bank. It would not be a reasonable view that the reserves were kept intact and

unused and loan of such a colossal amount was taken to be applied in the business. It is a fair inference that reserves were used as working capital. I cannot however be sure that the whole of the reserves were applied in the business. For instance, reserves for leave salaries and leave travelling expenses could not be put into the business. In the absence of incontrovertible evidence a rough and ready way to hold the balance even is to allow interest at 2 per cent.

Rupees 14,16,168 has been claimed as rehabilitation allowance. Admittedly the Company has no manufacturing activities. Light plants for mixing dyes may be used. But evidence is wanting as to the date of installation and probable life. The Company has a large fleet of motor cars. Many of the cars were purchased in 1948-49, 1949-50 and some in 1950-51 as we find from the lists, Exts. 2 and 2(a). The value of the entire lot of fixed assets has been multiplied by 2.7. Deducting depreciation provided for and 5 per cent. scrap value, the Company has spread the balance over 15 years. This method of calculation has been pronounced incorrect in the case of Messrs. Balmer Lawrie & Co., Ltd. *versus* the workmen (Oil and Grease Department) published in the *Calcutta Gazette*, dated 27th December 1956, at page 525. Particularly motor cars purchased recently cannot be multiplied by 2.7. The view was expressed in the case reported in 1956, 2 L.L.J., page 475, that in the case of recent purchases the factor applicable may have to be taken even at less than 1. To my mind rehabilitation cost cannot be estimated properly on the materials supplied. The only way out of the dilemma is to accept the Union estimate of Rs. 27,332.

In the Union chart certain items of expenditure have been taken exception to. Learned Counsel for the Company conceded that the sum of Rs. 23,442 spent in charity and donations may be added to the profits. The amount spent under the head "Staff houses" was also under fire of criticism not without some justification. It appears Directors and the covenanted staff enjoy luxurious comforts in the matter of housing and other service benefits. They are provided with rent-free quarters. Servants' wages are paid to a certain limit by the Company. The Directors receive salary and are also given rent-free houses equipped with air-conditioning plants. Employees in the lower strata are not yet within measurable distance of living wage. One cannot lend countenance to lavish expenditure to keep the upper class wrapped in velvet while the rank and file are not far above starvation level.

Objections to other items of expenditure mentioned in the Union chart carries no weight. They are legitimate expenses.

The Company has furnished particulars of the selling and administrative expenses. Entertaining expenses incurred in 1951-52 reached the grand total of Rs. 68,464. Entertaining charges within reasonable limits must be regarded as legitimate expenses. The amount under this head is anything but moderate. A cut here would not be misguided.

The calculation made in the Company's chart resulted in a deficit to the tune of Rs. 2,63,836. Turning to the written statement we find that the case made out therein is not that there was no available surplus out of which bonus could be paid. On the other hand, the Company had pleaded that the amounts paid for the two years under reference were fair and adequate in view of the trading position in those two years. This statement is after all an admission that the calculation does not reflect the actual position. It may also be pointed out that for additional bonus that the Company may have to pay it will get refund of income-tax. The account being recast in the light of the conclusions recorded above a sizable surplus

is traceable out of which additional bonus equal to two-thirds of basic monthly wages is awarded for 1951-52 to be paid within a month of publication in the Official Gazette.

The charts submitted by the parties for 1952-53 are reproduced with slight alterations in the position of a few items.

The Union chart is unworthy of acceptance as it ignored a good many items which the Company is entitled to deduct, viz., unclaimed balances (not being trading profits), income from investments, profit on sale of sundry fixed assets, excess provision for taxation for an antecedent period. The Company's chart successfully withstands criticism up to the stage of deduction of income-tax depreciation. Rs. 6,05,103 is the plus balance after the said deduction. If interest on capital is calculated at 6 per cent. and at 2 per cent. on the reserves and rehabilitation charges are reduced to Rs. 27,332, the total is Rs. 2,78,482-11-5, Rs. 93,180 being interest on capital and Rs. 1,57,970-11-6 being interest on the reserves. The sum of Rs. 2,78,482-11-6 being deducted from Rs. 6,05,103 the resultant balance is Rs. 3,26,620-4-6. The Company has voluntarily paid Rs. 6,61,186. In my view a fair proportion of the surplus has already been paid. I find accordingly that for 1952-53 the bonus already paid is adequate. No further bonus for this year is admissible.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Paper Distributors Ltd., 19 Balmukund Mackar Road (P-6 Chittaranjan Avenue), Calcutta-7 and their workmen represented by Orient Paper Mills Ltd. Associated Concerns' Employees' Union, 7 Bhuban Sarkar Lane, Calcutta-7, in connection with the case of Shri Nagarmal Haritwala. (Case No. VIII-71 of 1956.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company: Shri B. P. Khaitan, Solicitor, with Shri K. P. Mukherjee, Secretary, Bharat Mfg., Traders & Dealers' Association.

For the Union: Shri D. L. Sengupta, Advocate, assisted by Shri Madan Mohan Saha, Advocate.

On termination of his service under Messrs. Paper Distributors Ltd., the employee Shri Nagarmal Haritwala tried through the Union of which he was a member, to secure revocation of the order of discharge. The negotiations were of no avail. Government intervention was asked for but the deadlock defied solution. This reference was thereafter made by Government order No. 3975Dis./D/11L-17/56, dated Calcutta, the 6th September 1956, for adjudication of the following issue:—

1. Whether the dismissal of Shri Nagarmal Haritwala is justified. To what relief (including reinstatement) is he entitled?

The case supported by the Union is that the Paper Distributors Ltd. and a bunch of other companies were floated by the same group of persons to carry on the same type of business as agents of Orient Paper Mills Ltd., which was a paper manufacturing concern. To all appearances these

several companies were independent units but in fact they were all chips of the same block. They were so split up with the ulterior object of escaping liability for income and super-tax and keeping the employees under the heels of the *Maliks*. Nominally attached to one company the employees were made to work for the other companies as well. On or about 2nd August 1955 the employees of Paper Distributors Ltd. and the other companies formed a Union. The authorities were instantly on the warpath. Dharm Nath Tewari, a member of the Union, was dismissed on 4th August 1955. On 21st November 1955 the Union presented a charter of demands in which reinstatement of Dharm Nath Tewari formed one of the several items. The immediate reaction took the form of an order of discharge of this employee with effect from 22nd November 1955. Nagarmal Haritwala had a spotless record of service and in recognition thereof his pay had risen rapidly to Rs. 270 from Rs. 70 in course of ten years. The only reason why he was fired was that he was an "active" member of the Union. He has thus been victimised for Trade Union activities.

The Company strongly repudiated the Union allegation that the Paper Distributors and the other companies were parts of the same concern kept in isolation out of fraudulent intentions. They were in fact independent and separate concerns. The employees did not owe allegiance except to the company by which they were appointed. Nagarmal Haritwala was serving under the Paper Distributors Ltd. His services were terminated in pursuance of a scheme of reorganisation which rendered retrenchment necessary. His Union activities had nothing to do in this matter.

DECISION

The point whether Paper Distributors Ltd. and Messrs. Vijoy Luxmi Trading Co., Ltd., and the other companies named in the written statement of the Union are one and the same concern disguised as entirely separate units, is not directly and substantially in issue but arises incidentally since Nagarmal Haritwala claims that on the basis of pooled seniority he has an unanswerable case for reinstatement in one or other of the companies if for any reason the Tribunal finds no berth for him in Paper Distributors Ltd. The Company has produced copy of an award Ext. A made by our learned brother Shri G. P. Mookerjee, adjudicating on a dispute between Vijoy Luxmi Trading Co., Ltd., and its employees in which the learned Tribunal recorded the finding that Vijoy Luxmi Trading Co., Ltd., was "an independent unit having no connection with other concerns". On perusal of the award Ext. A, I have received the impression that the Union has got hold of other materials which were not available at the earlier hearing. For instance, I have evidence before me that employees of one company were transferred to other companies. Shri Shyamsundar Kejriwala (O.P.W. 1) who had deposed for the Vijoy Luxmi Trading Company admitted such transfers with a bit of explanation that the transfers were made with the consent of the employees concerned. He did not say that transfers followed representation or request by the employees concerned. It is hence clear that these transfers were made in the interests of the companies and not out of consideration for the employees. Unless there was a common denominator or connecting link behind the facade of absolute independence no such transfers could be arranged.

Shri Dharm Nath Tewari was, according to the evidence of P.W. 1 in service under Paper Distributors Ltd. He had gone home on leave. The letter Ext. 2 was written on behalf of Vijoy Luxmi Trading Company recalling him to duty. A registered letter addressed to Messrs. Bilas Ray

Ram Kumar Company was received by Babulal Pujari, an employee of Paper Distributors Ltd. All this goes to show that the several companies were not wholly independent and separate entities. They had some common relationship. For the purpose of this adjudication I need not dwell upon this point in greater detail.

The reason for dispensing with the services of Nagarmal Haritwala is stated in paragraph 10 of the Company's written statement, viz., reorganisation and/or retrenchment. The case presented in the evidence of O.P.W. 1 is not the same. The witness stated that decision was taken to close down the paper business of the Company. This decision was given effect to in October 1955. After the stock of paper lodged in the godowns was disposed of, no godown was needed. The godown-keeper Nagarmal Haritwala had therefore to go. I have already pointed out that the case was in the written statement. Closure of the paper business was not the ground alleged. The Tribunal cannot permit the Company to spring a surprise. The Union called for the godown books amongst others. The Company was directed by the Tribunal to produce books and documents which might be in their possession. The godown books were in their possession but were not produced. The Tribunal is free to make the presumption that if they were produced they would have been found to be unfavourable to the Company's case. A cash book written in Marwari script which none of the witnesses could read was produced but it was useless. The case of closure of paper business must hence be discredited. On the collapse of this plea, the Company has no case at all. Nagarmal was not discharged for any misconduct or dereliction of duty. The Union ascribed his discharge to the part he had played in shaping the Union. Nagarmal's evidence proves that he was one of the applicants for registration of the Union. The Union was formed on 2nd August 1955. Dharm Nath Tewari, then employed in the Nirmal Trading Company, was a signatory to the application. He was discharged on 4th August 1955. Charter of demands was submitted on 21st November 1955. The next day Nagarmal received order of his discharge. It was submitted on behalf of the Company that these were fortuitous coincidences. Events have however assumed a sinister appearance by reason of the proximity of drastic action to one or other kind of activity connected with the Union. It is difficult to regard them in any light other than cause and effect.

Nagarmal was a clerk employed for the time being as godown-keeper. He was senior to some other employees who were allowed to remain in service. The principle of "last come first go" was not observed by the Company. Termination of his services cannot, in the circumstances, be supported. I must accordingly hold that the action of the Company was not justified. On behalf of the Company an argument was advanced that Nagarmal Haritwala had slandered his employers in scathing terms in the written statement imputing to them the dishonest intention of evading liability for income-tax. An employee who describes his employers as swindlers could not be received with open arms. The Company should not be forced to take him back. He might be given compensation instead. I am unable to accept this argument. An employer should not be so very sensitive that allegations made in the written statement should cause enduring bitterness. There was never any occasion before to find fault with Nagarmal either in his work or in his department. Good relationship can be restored if the imputations made are allowed to sink into oblivion. I do not think I would be right if I refuse reinstatement on this ground and award compensation. It is hence awarded that this employee must be

reinstated and paid all back wages within 15 days of publication in the Official Gazette.

For the complaint: Shri H. L. Roy, Pleader and Shri Ashoke Das Gupta.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Muneswar, Token No. 219, E.B. No. 27870, a workman of Messrs. Kamarhatty Jute Mills Co., Ltd., applied on 29th September 1955 under section 33A of the Industrial Disputes Act, stating as follows:—

The opposite party Company actuated by *mala fide* intention, alleged to have issued a charge-sheet against the petitioner on frivolous ground of less production on 10th May 1954 and the petitioner denied having received any such charge-sheet as alleged by the Company, that the opposite party without holding any enquiry, arbitrarily suspended the petitioner by way of victimisation with effect from 17th May 1954 that the petitioner has remained under suspension for a long time, which clearly amounts to a measure of substantive punishment by way of dismissal, that the petitioner was given duty with a weaving machine which was defective. So, in spite of his best efforts, he could not give production as desired by the employers. The petitioner prays for an award directing the Company to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A filed by the applicant is misconceived and not maintainable in law, as the Company did not alter to the prejudice of the applicant the condition of his service during the pendency of the proceedings before the Third Jute Textile Tribunal. The Company filed an application under section 33 of the Act on 3rd July 1954, seeking permission of the Tribunal

to dismiss him, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to do so.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act, and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retired), Chairman, Jute Textile Industry Tribunal*

For the employers: Miss P. Mitra of the I.J.M.A.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Kaloo, a workman of Dalhousie Jute Mill, T/No. OK-91, Roving Feeder, Preparing Department, applied on 5th November 1955, under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. An application under section 33 was filed by the Company on 25th January 1955 to discharge the workman concerned. Pending such permission, she was laid off. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Issues Nos. 1 and 2

On the date of hearing on 19th January 1957, none appeared for the complainant and the case was heard *ex parte*.

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in laying off the applicant as it did pending permission of the Tribunal to discharge her.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act, and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. It appears from a petition by the workman to the Manager of the Mill that due to defective eye sight and old age, she was unable to continue work any further and she made a prayer therein to retire from service on receipt of retiral benefits. This petition appears as Appendix A to this award. The petition in Appendix A shall form a part of this award. It also appears from the record of the case that she has received a sum of Rs. 583-13-9, being retiring gratuity, one month's wages including dearness allowance, rail fare allowance, statutory leave for 1954 for 14 days, up-to-hand wages for W.R. and Provident Fund, from the Manager of the Mill in full and final settlement of her dues from the Company.

In these circumstances, the applicant is not entitled to any relief. Hence it is ordered that the application under section 33A of the Act be rejected.

Chairman, Jute Textile Industry Tribunal.

Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955, L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act, and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: The complainant himself and Shri Nikhil Roy, Advocate.

For the employers: Miss P. Mitra of the I.J.M.A., Shri N. Das Gupta, Advocate and Shri C. Bhadra, Manager of the Mill.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 29th June 1955 Surajpal, a workman of Messrs. Clive Jute Mills in the Preparing Department, applied under section 33A of the Industrial

Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. An application under section 33 was filed by the Company before the Fifth Industrial Tribunal, West Bengal, on 11th November 1953, seeking permission of the Tribunal to dismiss him, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

On the date of hearing on 19th January 1957, the parties were present. The applicant filed a petition praying for withdrawal of the application under section 33A of the Act. Heard the parties on the petition. The petition appears as Appendix A to this award. The applicant is permitted to withdraw his application. The petition in Appendix A shall form a part of this award. I award accordingly.

M. C. BANERJI,

Chairman, Jute Textile Industry Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Titaghur Paper Mill No. 2, Kankinara, 24-Parganas, and their workmen represented by the Bengal Kagazkal Mazdoor Union, 10 Bustee Lane, Kankinara, 24-Parganas.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri K. B. Bose, Counsel, and Shri K. L. Chatterji, pleader of Messrs. Orr, Dignam & Co., Solicitors.

Present for the Union: Shri P. K. Sanyal, Advocate, instructed by Shri Biren Pyne, General Secretary of the Union.

1. By Government order No. 1324Dis./D/11L-7(A)Pt./54, dated the 30th March 1954, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 31st March 1954. The Union filed written statement on 30th April 1954. After several adjournments the Company filed written objection on 5th July 1954. There were lots of adjournments either at the instance of the Union or of the Company. The case was taken up for hearing on 24th December 1956. The evidence was concluded on 26th December 1956. The argument was heard on 7th January 1957. On 3rd March 1956 one witness of the Company was examined on commission. The evidence taken was tendered and admitted. The award was reserved.

3. The only issue contained in the schedule to the order of reference stands as follows:—

(1) Whether termination of services of Shri Ramnaresh Kumar and of the following ash coolies is justified:—

(i) Shri Suklu, (ii) Shri Babulal, (iii) Shri Rambaran, (iv) Shri Badri, (v) Shri Ramnahore, (vi) Shri Seonath, (vii) Shri Bhagi, (viii) Shri Ram Sankar.

AWARD

First I take up the case of Rambaran. He was charged under sections 19(b)(5) and 19(b)(8), as per the Ext. B. But to understand the charges it will be necessary just to look into the background and the sequence of events under which this man was suspended and eventually dismissed.

According to the Union, the Company works 3 Water Tube boilers for about 9 months in a year, and for the remaining 3 months an additional boiler is put into operation. For the working of 3 boilers. 7 ash coolies used to be employed in each shift. When the additional boiler was operated upon, the Company granted 3 additional workers in each shift. On 24th March 1953 the Company started working all the 4 Water Tube boilers. On the first day the Company gave 3 extra men for the purpose in each shift. But on the next day the Company suddenly, without any information, withdrew one ash cooly from each shift. The workmen made a frantic representation to the authorities for keeping those additional workmen for their help. But the Company was adamant. The work-load on the workmen as a result was increased. On the other hand, instead of granting their prayer the Company charged the workmen as being guilty of "go slow" tactics, and insisted for the quick removal of ashes and cinders. In April 1953, 26 ash coolies and 2 firemen in the Boiler Department were charge-sheeted for adopting a "go slow" policy in their work. The Company, after having replies from the workmen concerned, suspended 8 of them, i.e., the workmen who are involved in the present order of reference. As there was a case pending before the Fifth Industrial Tribunal, the Company kept those workmen suspended pending permission of the Tribunal to dismiss them. There were several conciliation meetings at the intervention of the Labour Department with no tangible results. In the meantime these workmen were further charged for having assaulted the Chief Engineer, Mr. Haining. A criminal case was started in the Barrackpore Court against these men. Though Rambaran Kanoo was suspended along with the 7 other ash coolies with effect from 16th April 1953, he was informed on 18th April 1953 that he might resume his work after giving an undertaking in writing that he would not indulge in the "go slow" tactics. Rambaran, however, refused to give such an undertaking. So he was again put under suspension, and an application under section 33 of the Industrial Disputes Act was filed against him before the

Fifth Industrial Tribunal for permission to dismiss him for his alleged absence from duty for 20 consecutive days. He was eventually dismissed.

According to the Company, these 8 ash coolies including Rambaran, refused to attend the enquiry held by the management. So, while the charge-sheets against 18 men out of the 26 were withdrawn and they were permitted to resume their work, these 8 ash coolies were kept under suspension. As a result of an enquiry it transpired that Rambaran Kanoo did not take part in the assault on Mr. Haining, the Chief Engineer. So on the 11th April 1953 he was informed by the management that he might return to duty provided he gave an undertaking of good behaviour in future. He was again written to by registered post that if he did not return to duty by the 12th May 1953 he would be liable to dismissal under clause 19(b)(10) of the Company's Standing Order. On the 7th May 1953 Rambaran turned up at the office gate and agreed to work, but refused to give the undertaking demanded. He then by a letter maintained his position of keeping away from work because in his opinion the undertaking demanded stood in the way of his returning to work as an impediment. The Company eventually dismissed him on 18th May 1953 under clause 19(b)(10) of the Company's Standing Orders.

So it appears that the action which the Company had taken against Rambaran was under three distinct clauses, viz., 19(b)(5), 19(b)(8) and 19(b)(10) of the Standing Orders. I refer to the said Standing Orders. Clause 19(b)(5) means "Wilful insubordination or disobedience of any lawful and reasonable order of a superior". Clause 19(b)(8) means "Damage to or loss of the Company's goods caused by neglect, careless conduct or wilful destruction on the part of an operative". Clause 19(b)(10) means "Unauthorised absence for more than twenty consecutive days". The Manager may, on sufficient grounds, dismiss any operative under any of these heads.

If I refer to the Ext. B, I find the story of the charge further detailed. It runs thus:—

"From 24th March 1953 you have indulged in a 'go slow' in your department and in spite of repeated instructions from your superiors to put in your normal amount of work you have refused to carry out these instructions. Your "go slow" has resulted in damage to the plant, in that your refusal to carry out your duties properly and fully has damaged the dumping gear and the hoppers".

Rambaran's reply to the charge-sheet is as follows: ".....I have not indulged in a 'go slow' in my department nor have I refused to carry out the instruction of my superior as alleged in the charge-sheet. I beg to state that it is not physically possible for me to remove all the ashes from the Tube Boiler since I have been deprived of the help of the extra men in the case of 4 boilers being put to use. I, therefore, pray that you will be kind enough to withdraw the charge-sheet and redress the grievances". His subsequent charge-sheet is contained in the letters, Ext. D series, i.e., Exts. D to D3.

So I have to find out from evidence whether Rambaran Kanoo was guilty of (i) go slow, (ii) causing damage to the Company's properties by wilful negligence and (iii) unauthorised absence for more than 20 consecutive days.

Regarding the first charge, I am satisfied from the evidence that it has not been made out. Shri Suklu, P.W. 1, states before the Tribunal that in the 3 Water Tube boilers there were 7 ash coolies, 2 firemen, 1 oilman,

and one tindal. Out of these 7 ash coolies 6 were employed for taking away ashes and one was employed for helping the fireman. When the 4th boiler was operative, 3 people were drafted from the Lancashire boiler which remained idle. Out of these 3 men one was employed to assist the fireman and the two were employed as ash coolies. Now, if this man is believed, then it becomes abundantly clear that when the Lancashire boilers are kept idle and the 4th Water Tube boiler is put into operation, then 3 extra men have got to be drafted. The witness, Shri Suklu, admits that they could not take away the ashes from the 4th boiler as they could not cope with the work when the extra men were withdrawn after one day's work. It is the definite case of the Company that extra men were put in work in the past only when the coal was found to be bad or defective. Bad coal would yield more cinders and ashes, and so extra men were necessary. But this was only a suggestion made to the witnesses of the Union when cross-examined. The Company has not taken pains to prove it by any definite evidence. It did not examine any witness on this point, nor did it produce any documentary evidence just to show that no extra man was employed even when the 4th boiler was put into operation. If the Company's version was correct, such evidence would establish it. That evidence would not be difficult to be had if the Company so wanted. But the Company refrained from doing so. So, though I do not draw any adverse presumption from this conduct of the Company yet, at any rate, I find that the Company was not keen on making out this plea. Against this I find that the Union has examined witnesses of persons who are in actual employ even now under the Company. For instance, Nona Mean, P.W. 2, who is an old employee of 19 years working as a tindal under the Company and, as such competent to speak on the point, says "When 3 Water Tube boilers are in operation there are 8 ash coolies out of them 6 work as ash coolies, one as a relieving hand, and one as a helper to the fireman.....When the Lancashire boilers are stopped and 4 Water Tube boilers are put into operation, then 2 ash coolies from the Lancashire boilers and also one fireman are drafted to assist the men in the Water Tube boilers. This is the thing in every shift. I find this practice all along since I am here. In March 1953 when the 4 Water Tube boilers were put into operation and the Lancashire boilers were kept idle, then 2 ash coolies and one fireman were taken from the Lancashire boilers for employment in the Water Tube boilers and they were employed. This continued for one day. On the following day Mr. Haining came and withdrew the extra men drafted from the Lancashire boilers. I was working at that time in the morning shift. I told Mr. Haining that it was impossible to run the 4 boilers with only 2 firemen. Mr. Haining replied that he would not be able to give any extra men, and that we must carry on with the existing men." This witness strongly denies in the cross-examination the suggestion that the same number of men work when 3 or 4 boilers are operative and that extra men are only drafted when there is bad coal or material. He admits that the hoppers were damaged when these 26 men were charge-sheeted.

P.W. 3, Idris, is an old employee of 14 years' service. He is a fireman attached to the Lancashire boiler. He is required to work in the Water Tube boilers at times. He repeats what has been said by the previous witnesses. He says "I find this state of things ever since my joining the service of this Company". He also says that 3 extra men in each shift were given in March 1953 when the Lancashire boilers were put idle; but after one day they were withdrawn. So the evidence is preponderatingly in favour of the version of the Union. Not only that the Company's evidence is meagre on the point, but it in a manner shows that extra men are given to the Water Tube boilers at times. Now, if this was the position and the state of things, and if ashes and cinders did accumulate as a result thereof, then

it must be the managmeent who should be blamed for it, and not the workmen. If the Company had undermanned the department and the work was slowed down as a result thereof, then the charge of slow down could not be laid at the door of the workers. In the face of adequate and sufficient supply of working personnel if the workmen did indulge in allowing the work to fall in arrears by "slow down" then, of course, they might be held guilty of "slow down" and punished. Here I find the workers in the Boiler Department perfectly submissive even in the face of provocation by the withdrawal of extra hands. They resented the increased work-load, but did not refrain from doing work, even by way of a protest. They continued to work as they did. But what the Company wanted was to compel the workers to submit to the increased work-load. Such an order, even though coming from a superior officer, is by no means reasonable. It is just the reverse of it. It might be called a "zulum" on the part of the employer upon the poor employees. So I find on the evidence that the charge of "slow down" fails against the ash coolies in general, and Rambaran Kanoo in particular. The second charge practically follows from the first and abides by the result. Damage to the hopper is admitted, but as there was no "go slow" on the part of the workmen, as has been found above, the Company must hold itself responsible for such damage. The charge of refusal to carry out the duties properly and fully also fails for the above. So the charges, as per the Ext. B, have been proved to be hollow and are thrown out. These charges were also dropped against Rambaran by the Company when he was asked to join.

Regarding the other charge under clause 19(b)(10) of the Company's Standing Orders, viz., for unauthorised absence for more than 20 consecutive days, I should say that it is rather fantastic. Exhibits D to D3 are relevant in this connection. Exhibit D shows that Rambaran was charged originally under the clauses 19(b)(3) and 19(b)(5) of the Company's Standing Orders. But this was evidently wrong. It was contradicted by the Ext. B where the relevant clauses were 19(b)(5) and 19(b)(8). So the Ext. D, if it shows anything, shows that the Company had no clear idea as to under which clause this man should be punished. At any rate, the clause 19(b)(3), i.e., causing disturbance among the workers within the factory premises cannot be sustained. Subsequently, it was found by the Company itself that Rambaran Kanoo did not figure among the persons who assaulted Mr. Haining. I must, however, thank the Company that it realised its mistake and acquitted Rambaran of the charge under this head. But then again, when it asked Rambaran that he was free to resume his duties, it qualified the said permission by the giving of an undertaking in writing by him. The form of the undertaking ran thus: "I regret the incident which commenced on the 24th March 1953 and hereby give my undertaking that I shall henceforth refrain from resorting to illegal activities and shall maintain discipline, observe the Standing Orders of the Company, and carry out all lawful orders of the management". Anybody who will scrutinise this form of undertaking will not miss that it was in a manner an admission of having committed an offence, and also an undertaking of not doing the same again in future. So the management's action was not at all *bona fide*. By this undertaking it wanted a clear admission on the part of the workmen that they had slowed down work, and that in future they must not do it again. In other words, the management wanted the workmen to submit to the position to which they were sought to be pinned down by the withdrawal of the extra ash coolies. Nobody would be silly enough not to see all this. Rambaran also detected this nefarious design of the Company. So while he made his position clear that he was ready to resume his work, he took exception to the said undertaking (*vide* the Ext. D2). Now, if after this he is dismissed on the ground

of unauthorised absence for a certain number of days, the clause 19(b)(10) of the Company's Standing Orders is never attracted. But it is on this clause of the Standing Orders that he has been dismissed. If the resumption of duties is restricted by making it subject to certain objectionable conditions, then it is as good as refusal of permission to return to duties. If you grant something by your right hand and take away the same by the left, then it can never be said that you have granted anything at all. So, Rambaran Kanoo was prevented from returning to duties, though the Company wanted to show that it had thrown the door open for him. This is the clear reading of the position. So the Company's charge under this head also fails. Thus the dismissal order against Rambaran Kanoo cannot be sustained. I award that Rambaran Kanoo must be reinstated in his former post or in any equivalent post within one month of the award coming into operation. He is granted compensation on the scale of the last pay drawn by him with effect from 18th April 1953, i.e., the date on which he was placed under suspension, up to the date of his reinstatement. If there has been any increment due in his post during this period of his forced unemployment, he will get that increased pay.

Then regarding the remaining 7 ash coolies, their cases stand on the same footing. The charge against them were twofold, viz., (1) slow down and damage to the Company's properties and (2) assault on Mr. Haining, the Chief Engineer.

Regarding the question of slow down, I have already discussed that. These workers were not guilty of "slow down" any more than Rambaran Kanoo who has been acquitted of this charge. They are also not guilty of causing any damage to the Company's properties by neglect or careless conduct or wilful insubordination. The damage to the hopper and the dumping gear is, of course, proved. But as the Company reduced the strength of workmen and withdrew the extra workmen earmarked for the 4th Water Tube Boiler, ashes and cinders did accumulate and cause damage to the hopper, etc. As I have found that it was because of the increased work-load which the existing workmen could not cope with, the management itself was responsible for this damage. Those workmen are, therefore, exonerated from that charge as well.

Next remains the charge of assault on Mr. Haining, the Chief Engineer. It is the case of the Company that on 10th April 1953 Mr. Haining went to the boiler house and found seven ash coolies (under reference before the Tribunal) who had been suspended on the previous day. He asked them to go away. They refused to leave, and wanted their wages forthwith. He asked those people to go to the Time Office where the payments might be made. Mr. Haining then followed them to the Time Keeper's office, and asked the Time Keeper to make out their particulars so that he might discuss the matter with the Manager. Then he noticed that these men had again gone to the boiler house. He went there and asked them to leave. They refused to leave the place and repeated their demands for wages. Since the work was being held up, Mr. Haining turned to discuss the matter of appointment of new men with Shri S. C. Paul, the overseer. As he was discussing with him, somebody struck him on the back. He turned round and found 7 men were running towards him with bamboos in their hands. The people were excited and one of them shouted "maro". He ran from the boiler house to the Lancashire boiler house. He was being struck on the back by bamboos by those people who were chasing him. A wheel barrow was placed in front of him and Mr. Haining stumbled upon it and fell. He was again struck on the right calf by the people chasing him. He received injuries on the back and other places. He received bleeding injuries. He then got up and escaped into the Time Keeper's Office. The

door was shut behind him to prevent the men following him. From there he proceeded to his own office when he collapsed. He was then taken to the Mill Hospital where he was treated by the doctor. Mr. Bookless called on him at the dispensary where the names of his assailants were supplied [*vide* the Ext. 1(b), i.e., Mr. Haining's deposition before the Criminal Court]. This is also substantially confirmed by him in his deposition taken on commission before the Tribunal. The Criminal Court by its judgment, as per Ext. 1, found all these accused guilty of criminal trespass but gave the benefit of doubt of assault against Sukla and Babulal (*vide* Ext. 1). Raghu Singh, O.P.W. 2, says: "These people came to record their attendance in the morning. I did not get the suspension order against them by that time. I entered their names in the kancha paper. They went to resume their duties. Mr. Haining brought to my notice that these persons had been suspended. He enquired as to why their names were recorded in the kancha paper. These men were with Mr. Haining at that time. Thereafter Mr. Haining and those persons left. These people demanded their pay when Mr. Haining asked them to leave. Mr. Haining then returned after 15 or 20 minutes and enquired about these people. I told him that they had gone to the boiler. Then Mr. Haining left.....Again after 20 minutes Mr. Haining returned. Mr. Haining asked me to bolt the door. Then he went through my room to another door and then left by another". Shri S. C. Paul, O.P.W. 3, who was the overseer in this mill for about 20 years speaks about the incident as follows: "On 10th April 1953 Mr. Haining called me to the boiler department. That was at about 6-30 a.m. I went there and saw Mr. Haining standing there. There were 6 or 7 ash coolies also standing there. I found Mr. Haining and those workmen holding heated conversation. Mr. Haining asked them to leave the place. They replied that they wanted their wages. Mr. Haining said that wages would be paid in the Time Office. But the workers demanded that wages must be paid forthwith. The No. 1 Ash Hopper was jammed.....On the afternoon of the 9th April Mr. Haining told me that some ash coolies were charge-sheeted, and that I must send some ash coolies there. I sent some temporary coolies there.....Mr. Haining asked me to go to the boiler No. 4. Just then I heard a *halla* behind. I looked back and found Mr. Haining being chased by some workmen, I mean, by those ash coolies of the A shift. I came there and intervened. I stood there and found Mr. Haining being chased towards the Lancashire boiler. In the Lancashire boiler I could not see him. Then the coolies of the Lancashire boiler joined. I saw Mr. Haining going into the Time Office. The coolies were beating Mr. Haining with bamboos. I caught Sukla by hand. The Sahib was being chased and beaten by Babulal. Other people were also running after him". Though there are some discrepancies between the evidence of this witness and that of Mr. Haining before the Criminal Court, yet one thing emerges out of this evidence that these ash coolies even when they were told that they had been placed under suspension, kept on in the factory. They were demanding their wages forthwith. That was certainly an unreasonable demand. When they found that their demand was not complied with, they apparently took into their hand to create some mischief in the Boiler Department, and that is why instead of leaving the factory from the Time Office, they went to the Boiler Department. As they found temporary men already employed there, they were provoked to rise in a mob. It cannot be gainsaid that their rage was against Mr. Haining. In such an atmosphere it is only reasonable to presume that if there was any assault on Mr. Haining, that must have been done by all these men, if not together, at least by some of them working in furtherance of the common intention. It may or may not be that Sukla and Babulal did actually assault Mr. Haining. But it is clear that they

were all responsible for the said assault. That Mr. Haining was assaulted admits of no doubt. The injury he sustained on his back cannot be the result of his fall as a result of his having stumbled against the wheel barrow. This wheel barrow was also placed just to obstruct him. So it was a case of a planned and criminal attack on Mr. Haining, if not by these ash coolies directly, at least at their instance. So in such circumstances if the management wanted to dismiss them, such dismissal could not be interfered with by the Tribunal. Mere acquittal in the Criminal Court or "benefit of doubt" is not enough for adjudication before an Industrial Tribunal. The Tribunal has got to judge the matter as one between an employer and the employees in its service. In the circumstances above, it will be clear subversive of discipline if such workmen as the seven ash coolies before me are, are retained in service. So, though I acquit them of the charge of "slow down" and other charges, I support the management's finding that they were responsible for the assault on Mr. Haining. So their dismissal order is maintained. They are entitled to no relief in my hands.

Regarding the charge against Shri Ram Naresh Kumar, it is the case of the Company that on 28th September 1953 it was reported by the Labour Office that Ram Naresh Kumar had failed to complete and send the hajira reports in respect of the Soda Recovery Department, Relay II, from 6th September 1953 to 28th September 1953 and of the Digester Department, Relay II, from 1st September 1953 to 28th September 1953. He had definite instruction to complete and return the hajira report daily to the Labour Office, and that the hajira report showing the workers' attendance of the day was a very important routine job of the departmental Time Keeper at the Mills. So the management called for his explanation on 30th September 1953. He submitted his reply on the same date. The explanation was considered by the Company as unsatisfactory. An enquiry was then held on 3rd October 1953 in presence of the Manager, the Superintendent, the Labour Officer and the Security Officer of the Mill. Ram Naresh did not cross-examine the witnesses there. On enquiry he was suspended with effect from 5th October 1953. Thereafter, an application under section 33 of the Industrial Disputes Act was filed before the Tribunal for permission to dismiss him. But the said application was disposed of as the Tribunal became *functus officio* after giving its award in the Main case. So the Company dismissed Ram Naresh Kumar on 17th December 1953 with effect from 3rd October 1953. The Annexure E to the Company's written statement contains the charge letter. Annexure is the reply of Shri Ram Naresh Kumar and the Annexure F is the dismissal order. Shri P. K. Sanyal, Advocate on behalf of the Union, has been candid enough to admit that the explanation that Shri Ram Naresh had submitted was almost childish. That he could not find any inkpot or paper or pen for writing out the report is as silly as is his explanation that he had no almirah to keep his records, or that his night duty had stood in the way of his submission of the report in time. His explanation that the Chief Chemist did not countersign his reports has been displaced by the evidence of the said officer, Shri Jagneshwar Chakravorty, O.P.W. 5. Another Time Keeper has also contradicted Shri Ram Naresh Kumar saying that the story of there having been no ink or inkpot is frivolous. This Ram Naresh Kumar has been charge-sheeted under the clause 19(b)(5) of the Company's Standing Orders which is for "wilful insubordination or disobedience of any lawful and reasonable order of his superior". But in this particular case the evidence has made it clear that no reminder was sent to Ram Naresh Kumar either by the Head Office or by the Labour Office for his delay in submitting the report, and there is no evidence that he disobeyed any such reminder or order. Of course, the printed form

exhibited shows that daily reports were imperative. But I have also got in evidence that reminders are generally sent from the Head Office on being moved by the Labour Office, and things are at once complied with. But in this particular case there was a departure from that practice. Was this departure accidental, or deliberate? Ram Naresh Kumar was the Vice-President of the Union for a pretty long time. The Union was in a hitch with the Company over certain demands and there were series of strikes in close sequence as a result thereof. The Company withdrew its recognition of the Union in close proximity of time of Ram Naresh Kumar's dismissal. So it is clear that Ram Naresh Kumar was more or less of the nature of an eye sore to the management. The management did not certainly have a soft corner for him. So, instead of having the irregularities remedied by *tagid* or reminders, the management preferred to stand strictly on its right. As Ram Naresh Kumar was found negligent in his duty, he was immediately meted out the extreme penalty of dismissal. This Ram Naresh was an old employee of the Company having joined its service as far back as 1946. He was dismissed with effect from 3rd October 1953. The recognition of the Union was withdrawn on 5th October 1953. The Company intimated its decision of dismissal on 17th December 1953. So the context in which this dismissal of Ram Naresh Kumar occurred gives ample room for suspicion that the management wanted somehow or other to get rid of this man. The plea was sound, but it was designed.

In the above view of the matter I reverse the decision of the management. I award that Shri Ram Naresh Kumar must be reinstated in his former post or in any equivalent post within one month of the award coming into operation. But he is granted no compensation for this period of unemployment from 3rd October 1953 up to the date of his reinstatement because he had his contribution by his negligence of duty to this action being taken against him by the management. The management had no benefit of his services also during all this period. So it cannot be saddled with any compensation to be given to Shri Ram Naresh Kumar. This period of unemployment should be treated as on leave without pay, and should go out of the reckoning out of the total period of service in this Company.

18. In the Schedule to the principal Act, for item 7 under Part I, the following item shall be substituted and shall be deemed always to have been substituted, namely:— Amendment of the Schedule.

"7. Employment on the construction or maintenance of roads or in building operations.".

STATEMENT OF OBJECTS AND REASONS

Section 3(1)(a) of the Minimum Wages Act, 1948, required minimum wages to be fixed before the 31st December, 1954. It has not been possible to fix minimum rates of wages before that date in respect of certain employments, particularly employments in agriculture. It has, therefore, become necessary to extend the time limit for fixing minimum rates of wages in respect of such employments. It is proposed that the time limit be extended up to the 31st December, 1959.

2. Under section 3(1)(b) of the Act, minimum rates of wages fixed should be reviewed and revised, if necessary, at intervals not exceeding five years. In some cases it has not been possible to review the minimum rates of wages within that period. The Act, as it stands, does not authorise review or revision after the expiry of five years. The proposed amendment to the section removes this difficulty.

3. Opportunity has been taken to make certain other amendments which are considered necessary in the light of the working of the Act. The amendments either seek to

clarify points of doubt or to remove difficulties experienced in the working of the Act. The objects of the more important of these amendments are:—

(a) to secure uniformity in the procedure followed for fixation and revision of wages;

(b) to enable a Claims Authority to entertain claims not only in respect of payment of wages which are less than the minimum wages but also in respect of payment of remuneration for days of rest and payment of overtime wages;

(c) to provide for the application of the Payment of Wages Act, 1936, to claims relating to delay in payment of wages or non-payment of wages;

(d) to specify the persons liable to punishment in the case of offences by companies and to make a general provision for punishment of offences for which no penalty is provided in the Act; and

(e) to ensure prompt disbursement of wages to labour employed by Government contractors by exempting from attachment certain assets of such contractors in the hands of the Government.

NEW DELHI;

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 10 of the Bill amends section 13 of the Minimum Wages Act, 1948, so as to take power for the appropriate Government to provide by rules the extent to which, and the conditions subject to which, the provisions of that section relating to fixation of hours of work, provision of days of rest, etc., shall apply in the case of employees engaged on urgent work or in any emergency, of employees whose employment is essentially intermittent, etc. This rule-making power is considered necessary as it has been found difficult to apply the provisions regarding working hours, weekly rest day, etc., in the case of such employees.

Clause 13 of the Bill which amends section 21 of the Act empowers the appropriate Government to frame rules providing for a single application being made in respect of claims other than those relating to payment of less than the minimum wages.

Clause 14 of the Bill inserts a new section 22D regarding wages of an employee remaining undisbursed on account of his death or his whereabouts being not known, and empowers the appropriate Government to prescribe by rules the authority with whom such wages are to be deposited and the manner in which the authority shall deal with them.

The delegation of legislative power in the clauses mentioned above is of a normal character.

DIRECTORATE OF AGRICULTURE, WEST BENGAL

Calcutta, the 7th November 1956.

Final estimate of Jute Crop of West Bengal (excluding territories transferred from Bihar) for 1956-57.

[*Note.*—The estimate of area and production of jute both for last year and this year given herein are based on the results of the sample survey and crop cutting experiments conducted by the State Statistical Bureau, West Bengal.]

Season.—It has already been reported in the preliminary forecast that drought conditions prevailed at the sowing time in some districts and heavy rains after sowing adversely affected the crop in many areas. The crop has also been damaged considerably by the floods that visited afterwards.

Weather and its effect on the crop has not, in general, been favourable for the cultivation and growth of the crop.

Area and yield.—671.700 acres are estimated to have been sown with jute this year as against 779.500 acres of last year.

The total production has been estimated at 1,344,700 bales as against 1,957,800 bales of last year.

The average yield of jute fibre per acre is estimated to be 2.00 bales this year as against 2.51 bales of last year.

Decrease in acreage and yield is due to drought at the early stage and subsequent heavy rains and flood.

H. K. NANDI,
Director of Agriculture, West Bengal.

AWARD

These two cases Nos. 66 and 91 of 1956 under section 33A of the Industrial Disputes Act against same opposite party 'Standard Vacuum Oil Company' (hereafter called the Company) are taken up together for award as common question of law and facts arises in them.

Case No. 66 was filed on 28th March 1956 by workmen Shri S. Banerji and 12 others; while case No. 91 was filed on 5th May 1956 by workman Shri Dudh Kumar Maity.

These 14 petitioners were employed in the opposite party company's canteen where they used to handle food either in preparing or serving the same.

On 20th July 1955 the petitioners were admittedly directed to report for medical examination at the company's medical centre at 6 Church Lane Office on 28th July 1955 (*vide* Annexure "A" to the petition under section 33).

On 22nd July 1955 the petitioners made a joint petition declining to undergo medical examination unless the company undertook responsibility for free treatment and grant medical leave with full pay in case any disease is detected (*vide* Annexure "B" to the petition under section 33).

The company by its memorandum, dated 26th July 1955, pointed out to the petitioners various provisions of CTAM 27-106 (Medical and health policy) towards its employees. In the said memorandum it was further pointed out that in view of the fact that the petitioners handled food; if they had any communicable disease they could easily endanger the life and health of all persons to whom they served food and they should accordingly submit for medical examination. It was also stated that if they did not appear for medical examination as directed by company's memorandum, dated 20th July 1955, they would be guilty of disobedience of reasonable orders of their superiors, which is an act of misconduct under clause XV(b) of the office orders and as such they would be liable for disciplinary action. The petitioners were accordingly advised to report for medical examination as previously directed (*vide* Annexure "C" to the petition under section 33).

On 27th July 1955 the petitioners again wrote to the management enquiring whether the company would grant medical expenses and leave with pay in case of necessity and expressing willingness to get themselves medically examined on company's clarification on the points. The petitioners also prayed for postponement of the date of proposed medical examination (*vide* Annexure "D" to the petition under section 33).

On 28th July 1955 the company replied to the above letter. It reiterated its previous stand regarding medical and health policy towards its employees and gave detailed circumstances how medical examination became necessary and how such examination would benefit all concerned including the petitioners and accordingly directed the petitioners to report for medical examination on that very day as scheduled by 3 p.m. It was also pointed out that if they did not act in accordance with the instructions, their action would be construed as an act of misconduct under section XV(b) of the office order, which read as follows: "Wilful insubordination or disobedience whether alone or in combination with any and others disobeyed the reasonable or lawful order of the superiors" and that they would be liable to disciplinary action without further reference (*vide* Annexure "E" to the petition under section 33).

The petitioners did not, however, turn up for medical examination as directed whereupon the company suspended the petitioners from the afternoon of 28th July 1955 pending enquiry. In the said letter the charge for which they were being suspended was also indicated (*vide* Annexure "F" to the petition under section 33).

After such suspension the petitioners intimated on 29th July 1955 that they were willing to undergo medical examination without jeopardising security of their services and prayed for withdrawal of the suspension order (*vide* Annexure "G" to the petition under section 33).

On that very day (29th July 1955) the company replied intimating that they had no objection in allowing them to appear for medical examination on 1st August 1955 at 9-30 a.m. It was also intimated that question of withdrawal of the suspension order could not be considered until such time as the petitioners had undergone the required medical examination (*vide* Annexure "H" to the petition under section 33).

Thereafter the company served on the petitioners charge-sheet, dated 29th July 1955 charging them with the commission of the offences as appear in item XV(b) of the office orders "Disobedience of lawful and reasonable orders of their superiors" after narrating in full the history of the case (*vide* Annexure I" to the petition under section 33).

The petitioners then submitted to medical examination on 1st August 1955 and the company by its letter, dated 1st August 1955 withdrew the order of suspension and allowed the petitioners to resume work on that day.

The petitioners were thus under suspension without pay for 3 days from 29th to 31st July 1955 pending enquiry into the charges. It is the system in the company to pay the employees their salary for the month on the last working day of the said month. 29th July was the last working day for the month of July 1955, 30th being holiday and 31st being Sunday. Accordingly while making payment of the salary for the month of July on 29th July 1955, the company on the basis of the orders of suspension pending enquiry paid the petitioners their salary only up to 28th of July 1955 and withheld salary of remaining 3 days from 29th to 31st July 1955.

After receipt of charge-sheet, the petitioners submitted their explanations to the charges, one of which is Annexure C1 to the petition under section 33A by Shri S. Banerji and 12 others. On receipt of the explanations the company by its memorandum, dated 9th August 1955, intimated to the petitioners that their explanations were unsatisfactory and that the management would accordingly hold enquiry on 16th August 1955 in regard to the charges. In the said letter the petitioners were requested to present themselves at the enquiry with intimation that they would be at full liberty to examine and cross-examine witnesses and adduce such evidence in their defence as was necessary (*vide* Annexure "J" to the petition under section 33).

Accordingly the management held enquiry on 16th August 1955 when the petitioners as also the company's witnesses were examined.

On 19th August 1955 the enquiring officer submitted his report to the Manager of the company holding that the petitioners were guilty of the charge (*vide* Annexure "K" to the petition under section 33).

The Manager of the company concurred with the findings of the enquiring officer that the petitioners were guilty of the charge. In his letter, dated 9th September 1955, addressed to the petitioners, the Manager of the company expressed the same view and added that since the petitioners ultimately agreed to undergo medical examination immediately after the company suspended them from the afternoon of 28th July 1955, the company was taking a lenient view of the matter this time and accordingly proposed to punish them with one day's suspension without pay on 29th July 1955. The Manager so advised the Accounting Manager to arrange to refund 2 days' salary of 30th and 31st July 1955. As adjudication proceedings under reference, dated 3rd June 1955, were then pending before this Tribunal, the Manager in the said memorandum also advised the pleader of the company to make an application under section 33 of the Industrial Disputes Act before this Tribunal seeking permission to implement the proposed punishment.

Accordingly the company made an application under section 33 of the Industrial Disputes Act to this Tribunal on 13th February 1956 seeking permission to implement its decision for one day's suspension without pay against the 14 petitioners.

The petitioners S. Banerji and 12 others of Case No. 66 under section 33A filed written statement in the case under section 33 on 28th February 1956. They also on that very day filed the present complaint under section 33A (case No. 66). Thereafter the other petitioner Dudh Kumar Maity of case No. 91 under section 33A appeared in case under section 33 and filed a statement adopting written statement of his co-workers and also filed a separate complaint under section 33A (case No. 91) on 5th May 1956.

After lapse of 30 days from the date of publication of the award in respect of the industrial dispute under the main reference, the case under section 33 of the Industrial Disputes Act by Standard Vacuum Oil Company against the 14 petitioners was struck off on 14th November 1956 without decision on the ground that the Tribunal became *functus officio*.

Against this background it was contended on behalf of the petitioners of the cases under section 33A that there was contravention of section 33 of the Act and that the order of suspension for one day without pay was not justified.

The opposite party company, on the other hand, maintained that there was no violation of section 33 of the Act and as such the complaint under section 33A were not maintainable and that in any case the order for suspension for one day without pay by way of punishment was justified.

The parties did not adduce any oral evidence in support of their case. They relied on the annexures as appear on the records of the present proceedings as also on the record of the proceeding under section 33 which were admitted into evidence without formal proof at the instance of the parties.

DECISION

Section 33A of the Act allows a complaint only if section 33 had been contravened. Foundation for the complaint under section 33A is, therefore, contravention of the provisions of section 33. The company maintained that there was no contravention of the provisions of section 33 in the present case and as such the complaints under section 33A were not maintainable. On the materials on record I agree that it is so. Suspension without pay pending enquiry has been held to be no punishment (*vide* Assam Oil Company 1954 L.A.C. 307). So, in the present case suspension of the 14 petitioners pending enquiry from 29th to 31st July 1955 and consequent withholding of payment of their wages for those 3 days while making payment of salary for the month of July 1955 on 29th July 1955 were no contravention of section 33. The subsequent order, dated 9th September 1955, passed by the Manager after conclusion of the enquiry into the charges, as in Annexure L to the petition under section 33, cannot either be construed as a violation of section 33. The circumstances leading to the said order, dated 9th September 1955, as already referred to, would rather show that there was no scope of any new act on the part of the company at the time. What the company purported to have done under the said order, was to maintain one of the 3 days of suspension without pay by way of punishment and direct refund of salary of the remaining 2 days. In so doing, the company did not do anything new. To attract section 33 some positive act on the part of the employer is necessary. Besides on the basis of the said order, dated 9th September 1955 the company, as a matter of fact, made an application under section 33 seeking permission to implement its decision for one day's suspension without pay against the 14 petitioners. All this would show that there was no violation of section 33. In any case, there is nothing to show that the action of the company was *mala fide*. It rather appears that even if there was violation, it was technical and unintentional.

On merits having regard to the facts and circumstances leading to the case about which there is no dispute between the parties, it appears that the proposed action of the company is quite justified. The petitioners had no excuse, after disclosure of the circumstances why medical examination was required, not to comply with the orders of the management. Merely because the petitioners were subsequently permitted to appear for medical

examination on 1st August 1955 it cannot be said that the company condoned their offence by their letter, dated 29th September 1955 (Annexure H). The offence was complete when the petitioners failed to report for medical examination on 28th July 1955 in spite of repeated directions and the company rightly issued charge-sheet, dated 29th July 1955 for the same. The argument that the petitioners could not otherwise raise the dispute if they were not allowed to seek clarification as they did, is anything but convincing. To raise a dispute is one thing while making the terms condition precedent to compliance of lawful and reasonable orders, is different. The former is permissible, while the latter cannot be tolerated as otherwise normal functioning will be impossible. I am, therefore, of opinion that both on law and merits the complaints under section 33A must fail.

It is awarded accordingly in both the cases.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retired), Chairman, Jute Textile Industry Tribunal.*

For the employers: Shri N. M. Das Gupta, Advocate

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(a)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 6th October 1955 Shri Mathuri Charan Mahanti, an employee in the Clive Mills Co., Ltd., applied under section 33A of the Industrial Disputes Act, stating that he served the Company for 25 years, that he was sick and the Medical Officer of the Mills recommended him leave for 2 days on 25th August 1955 that the petitioner was insulted by the Office Master, Shri Swaika, for taking the above leave and the petitioner was thereafter restrained from joining his duties from 6th September 1955, without reason. The petitioner was served with a charge-sheet on 19th September 1955, and he was refused permission to resume his duties. The petitioner therefore, prays that the Tribunal would direct the opposite party to reinstate him with full compensation for the period of non-employment.

The Company, opposite party, in its written statement, states that the petitioner did not serve the Company for 25 years, as alleged. It further states that the applicant has become old and has reached the age of superannuation, that he has become unfit for carrying out his jobs. It is also stated that the petitioner's eye-sight has become defective and bad and he is hard of hearing, and that he is found to be frequently ill and of continued ill-health. The Company's Medical Officer reported for his retirement by way of superannuation. Accordingly, the petitioner was informed by

the Company of the same on 24th August 1955 in the form of a charge-sheet, but he refused to accept the same. The petitioner was never insulted by the Office Master, Shri Swaika, as alleged. On the contrary, Shri Swaika told the applicant that it was unsafe to keep him in employment in view of his state of health. The Company, therefore, asked the petitioner to retire by a note, dated 24th August 1955, given in the Company's charge-sheet form. After going through the said note, the petitioner refused to accept the same, which was thereafter sent to him by registered post. It is stated that the Company acted *bona fide* and was justified in retiring the petitioner from service for reasons abovementioned. In the circumstances, it is prayed that the application should be rejected.

The points that arise for decision in this case are as follows:—

POINTS

(1) Is the application maintainable?

(2) Is the petitioner entitled to any relief?

DECISIONS

Point No. 1

In view of the fact that the petitioner was kept out of employment with effect from the end of August 1955 without the express permission in writing of the Tribunal before which the original case was pending and the Company claims that it wanted to retire the petitioner from service, the present application is maintainable under section 33A of the Act. The Company should have taken express permission in writing of the Tribunal before it took any step for retiring the petitioner. This point is accordingly answered in the affirmative.

Point No. 2

At the hearing of the case, the petitioner examined himself and was cross-examined by the Company. O.P.W. 1 Shri Bhadra, the Manager of the Clive Mills, deposed for the Company and was cross-examined by the petitioner. It appears from the evidence that Mathuri Charan Mahanti is more than 60 years of age, has got short eye-sight and is old and infirm. Annexure X to the Company's written statement is a medical report given by the Medical Officer of the Company on 24th August 1955 to the Manager. This certificate shows that he found the eye-sight of the petitioner to be defective and that his general health was unfit for any hard work, and that he should be retired on superannuation. On receipt of this medical certificate, the Company issued a notice upon the petitioner in the form of a charge-sheet on the same grounds as mentioned in the medical report. This charge-sheet appears as Annexure C to the petitioner's written statement. The Manager, O.P.W. 1, states that in his opinion the petitioner was unable to carry on his normal work and he should, therefore, be retired from service. In the circumstances, I consider that the petitioner should be retired on superannuation. As there is no retiring age in the Company, the petitioner is entitled to retrenchment benefit, taking his retirement on superannuation as retrenchment under section 2(oo)(c) of the Industrial Disputes Act.

It appears that Mathuri Charan Mahanti has been in continuous service of the Company since 7th November 1946, and he was refused employment in September 1955. The evidence on record shows that Mathuri Charan Mahanti's Provident Fund contribution is Rs. 480-12 on each side, that he

was getting a basic pay of Rs. 76 and a dearness allowance of Rs. 37-6 before November 1955. His unpaid back wages are Rs. 131-14 as. and leave salary due is Rs. 57. The petitioner received Rs. 100 towards his dues during the pendency of this case. It is awarded that the petitioner Mathuri Charan Mahanti should be retired on payment of Rs. 961-8 as. as Provident Fund dues on both sides and Rs. 131-14 as. as back wages, Rs. 57 as leave salary due and retrenchment compensation at the rate of 15 days' wages for every year of service for a period of 9 years, *i.e.*, to the extent of 4½ months' wages. 4½ months' wages at Rs. 113-6 as. per month amount to Rs. 510-3 as. The petitioner shall get all these sums less Rs. 100 already received. His total dues appear to be 1,560-9 as. It is awarded that the petitioner shall be retired from service with effect from September 1955, on payment of Rs. 1,560-9 as. as his dues from the Company. The sum of Rs. 1,560-9 as. shall be paid to the petitioner within one month from the date of the commencement of the operation of this award.

TERMS OF AGREEMENT

Joint terms of agreement with the B.M.P.A. and B.M.P.E.U.

1. All the cinemas of West Bengal have been classified into 11 categories (annexed in the schedule D).

2. The average weekly collection means the amount which is arrived by dividing the total sales excluding the entertainment tax of three immediately preceding years 156. If for any reason any cinema is not run on all the days during the said previous three financial years, the fixation of average weekly collection will be made by dividing the total sales of the said three years by the number of days the cinemas actually ran and then multiplying by 7.

3. The average weekly collection will be calculated on the basis of Amusement Tax collected on behalf of the Government and such basis cannot be challenged on any ground whatsoever.

4. This joint agreement shall come into effect from 1st September 1956 and shall remain valid for a period of 10 years during which period neither the employers and the employees nor any Association or Associations on their behalf will be entitled to revise or modify the terms of agreement.

5. This agreement shall not operate in case of cinemas whose pay-scales have already been agreed to or may be agreed to by some contract already in force or may be in force as the case may be nor shall operate in case of cinemas regarding terms applicable to them and embodied in an Award by Industrial Tribunal.

6. This agreement shall not apply to cinemas having average weekly collection of less than Rs. 1,000 nor to any part-time workers of any cinema in any category.

Gradation and classification of cinema operators

7. At present there being no classification of cinema operators according to skill or merit nor any category of workers of the class A to E yet being fixed, it is proposed to set up an *ad hoc* board which will be constituted by the B.M.P.A. by selection of technically qualified persons. The board will certify the operators according to their merit in several grades.

8. It will be optional for the cinema operators to appear before the board for such certificates.

9. The minimum wages of operators holding valid licenses will be as per scale E of Schedule B.

10. Cinema operators getting certificate of higher category will not be as a matter of course, entitled to claim pay of that category unless there is a suitable vacancy.

11. An operator, if after appearance before the board, is in its opinion, to be put in a lower category with lesser emoluments, will nevertheless continue to draw his existing pay and wages without any further increment.

12. This revised scale of wages of operators completely supersedes the scales of pay of operators as recommended by the Association in 1948. It is understood that there will be no reduction of wages of operators as on 1st September 1956.

Pay-scale

13. Pay-scales applicable to various workers other than operators, are given in the schedule annexed herewith—

(a) Employees drawing less than minimum prescribed in the scale of pay should be entitled to the minimum fixed for the same scale.

(b) Only in cases of category A cinemas, employees already drawing the maximum will get *soletium* amount equivalent to one annual increment in basic wages as per schedule for employees of that category.

14. It is jointly agreed to promote and maintain industrial peace and as a gesture of goodwill, the constituent cinemas will advance to its workers immediate increments with effect from 1st September 1956 as follows:—

(i) For category A cinemas, a sum equivalent to two annual increments as per pay-scale prescribed herein.

(ii) For cinema workers other than category A, only one annual increment as per prescribed scale.

(iii) For operators outside Calcutta cinemas, a sum equivalent to 5 per cent. of the basic wages as on 1st August 1956 rounded to the nearest anna.

(iv) All workers getting *ad hoc* increment as above will not be entitled to have their annual increment for two years or one year as the case may be.

15. Bonus will be paid as per schedule C mentioned herein on the basis of weekly collection irrespective of profit.

16. The scale of bonus to be decided as above, is to be based on the basis of average weekly collection of the preceding year.

17. There should not be any further claim for any other kind of bonus (profit bonus, incentive bonus, production bonus, etc.) during the period of operation of this agreement.

18. That in case the association is satisfied that any of its members on account of financial position cannot pay full bonus or part thereof as per schedule, the question of payment of bonus in cases of such cinemas will be decided by the association and its decision will be binding on the employer and employees concerned.

19. In view of the fact that some time will be taken for properly categorising the cinemas immediately and completing the members' agreements referred to above, the amount of bonus payable in 1956 shall not be less than the bonus last received by the employees.

Provident Fund

20. Provident Fund in suitable cases will be introduced when so enforced by the State or law of the land.

21. Excepting in Industrial Tribunals and Courts this union will not take up the case of employee or employees charged with gross misconduct such as theft, criminal misappropriation of money, and sabotages, etc., and punished by the Management after framing of charges and after giving the employee or employees sufficient opportunity to defend their conduct.

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retired), Chairman, Jute Textile Industry Tribunal.*

For the complainant: The complainant himself.

For the employers: Miss P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes

Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 4th May 1955 Shri Anil Bag, a workman of Surah Jute Mills Co., Ltd., applied under section 33A of the Industrial Disputes Act, stating that he was a permanent worker of the Company being a Turner, that on 4th April 1955 while he presented himself for duties, was called by the Labour Welfare Officer who asked him to sign a letter of resignation, that on his refusal to comply with the aforesaid directions, he was refused to carry on his usual work. In the circumstances, the petitioner prays for reinstatement with other consequential reliefs.

The Company, in its written statement, states that the application filed by Shri Anil Chandra Bag is not maintainable in law, as the workman concerned was laid off pending permission of the Tribunal to retrench him and an application under section 33 had already been filed by the employers on 18th April 1955. Owing to the reduction of the maintenance need of the Company following installation of modern machinery, a number of mistries became surplus to the Mill's requirements. It is submitted that the question of forcible resignation does not arise. He was surplus to requirements and he was told that he might, if he so desired, offer resignation on payment of full retrenchment relief instead of waiting for the disposal of the section 33 application to be filed by the Company. It is further submitted that services of the workmen were not terminated and as such there was no violation of section 33 of the Act. The Company submits that the complainant, who became surplus to requirements, is neither entitled to reinstatement nor to any relief as claimed.

On 26th December 1956 the applier filed a petition praying for withdrawal of the application under section 33A of the Act. The petition appears as Appendix A to this award. The applicant is permitted to withdraw his application. The petition in Appendix A shall form a part of this award. I award accordingly.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI *District Judge (Retired), Chairman, Jute Textile Industrial Tribunal.*

For the complainant: The complainant himself.

For the employers: Miss P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Shri Basdeo Das (HB6/48), a cleaning coolie in the Mill Mechanic Section of Kinnison Jute Mills No. 2, applied on 6th October 1955 under section 33A of the Industrial Disputes Act, stating that he was charge-sheeted on 6th September 1955 for his alleged refusal to do the job of cleaning in the Spinning Section, that on 6th September 1955 the Manager hung a notice at the Mill gate stating that the petitioner should not be allowed to enter the Mill premises, that he was not directed either verbally or in writing to go to the Spinning Department for work, that subsequently he got a registered letter stating that he had been charged under Standing Order and in reply he stated that he was not aware of anything. The petitioner prays for reinstatement to his former job with suitable compensation.

The Company, in its written statement, states that the application is misconceived and not maintainable in law, as the Company did not alter to the prejudice of the applicant the conditions of his service during the pendency of the proceedings before the Third Jute Textile Tribunal. The Company had filed an application under section 33 of the Act on 20th September 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground.

On 6th December 1955 the applicant filed a petition praying for withdrawal of the application under section 33A of the Act. The petition appears as Appendix A to this award. The applicant is permitted to withdraw his application. The petition in Appendix A shall form a part of this award. I award accordingly.

Chairman, Jute Textile Industry Tribunal.

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was filed by Shri Kurbani Mia, a workman of Messrs. Dalhousie Jute Mills, Champdany, P. O. Baidyabati, Hooghly, before the said Tribunal against the said Company alleging that the said Company had dismissed the said workman concerned in such disputes;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Kurbani Mia a workman of Dalhousie Jute Mills, in connection with Government of West Bengal, Labour Department, orders Nos. 1988Dis./D/7L-48(a)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referring certain industrial disputes between 101 Jute Mills in West Bengal, including Messrs. Dalhousie Jute Mills and their workmen (Case No. 363/55 under section 33A).

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: The complainant himself.

For the employers: Miss. P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954,

6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Kurbani Mia, T/No. NK-2, Line Sirdar, Spinning Department, a workman of the Dalhousie Jute Mills, applied on 5th November 1955 under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. An application under section 33 was filed by the Company on 25th January 1955 to discharge the workman concerned. Pending such permission, he was laid-off. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

1. Is the application under section 33A of the Act maintainable?
2. Is the applicant entitled to any relief?

DECISIONS

Issues Nos. 1 and 2

On the date of hearing on 19th January 1957, none appeared for the complainant and the case was heard *ex parte*.

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in laying-off the applicant as it did pending permission of the Tribunal to discharge him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L. A. C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act, and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. It appears from a petition by the workman to the Manager of the Mill that due to defective eye-sight and old age, he was unable to continue work any further and he made a prayer therein to retire from service on payment of retiral benefits. This petition appears as Appendix A to this award. The petition in Appendix A shall form a part of this award. It also appears from the record of the case that the workman has already received a sum of Rs. 644-2 less Rs. 102 loan advance, i.e., Rs. 542-2 being the full amount of his provident fund dues

in full and final settlement of all his claims and demands from the Company.

In these circumstances, the applicant is not entitled to any relief. Hence it is ordered that the application under section 33A of the Act be rejected.

M. C. BANERJI, *Chairman*,

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retired), Chairman, Jute Textile Industry Tribunal.*

For the complainant: None.

For the employers: Miss P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 5th November 1955, Shri Gopal Ch. Singh, L.B. No. B/SP/310, a workman of Gouripore Co., Ltd., applied under section 33A of the Industrial Disputes Act, stating as follows:—

The applicant is a permanent workman of the Company. The opposite party Company had kept the petitioner without work since 11th September 1954, that the Company filed an application under section 33 on 20th December 1954, seeking permission to retrench/dismiss him and that the

petitioner feels that keeping him out of work without wages is in contravention of section 33 of the Act. The petitioner prays for an award directing the Company to reinstate him with full compensation for the period of forced unemployment.

The Company, in its written statement, states as follows:—

The application under section 33A of the Act filed by the applicant is misconceived and not maintainable in law, as the Company did not alter to the prejudice of the applicant the conditions of his service during the pendency of the proceedings before the Third Jute Textile Tribunal. The Company filed an application under section 33 of the Act on 16th November 1954, seeking permission of the Tribunal to dismiss the workman, and pending such permission, the petitioner was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file a supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Act maintainable?
(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2.—On the date of hearing, none appeared for the petitioner, and the case was heard *ex parte*.

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to punish him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.H./838/2R-8/57.—22nd February, 1957.—Whereas the Governor is satisfied that the municipal area of Hooghly-Chinsurah is threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Disease Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipal area for a period of six months:—

Temporary Regulations for the Prevention and Control of Smallpox

1. In these regulations, unless there is anything repugnant in the subject or context:—

(a) "Health Officer" means the Health Officer of the municipality;

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(c) "Smallpox" means any disease accompanied by an eruption or vesicles or pustules;

(d) "Patient" means a person suffering from or suspected to be suffering from smallpox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order, issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the nearest Sanitary Inspector. When the inmates of the house are all females the medical attendant or the senior male inmate of the nearest house shall give the required information.

7. (1) Every medical practitioner called in to attend upon any case of smallpox shall forthwith give notice of the case by a special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

8. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

Isolation of patients

10. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or a Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer or a Sanitary Inspector.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from smallpox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

16. No person while suffering from evident symptoms of smallpox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons, other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

17. The Health Officer or a Sanitary Inspector may, during the prevalence of any outbreak of smallpox, order that any bazar, shop or other public place shall remain closed for such time as may appear to be necessary and may forbid the holding of any fair, mela or other gathering to which people from several villages commonly or periodically resort.

Miscellaneous

18. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

19. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to take steps to have vaccinated or re-vaccinated within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or a Sanitary Inspector is of opinion that such person has been in contact with anyone suffering from smallpox.

20. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has to his knowledge been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of house, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

23. The Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of smallpox and may cause any such clothes to be destroyed.

24. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(i) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(ii) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(iii) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

25. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public

conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

(i) the article is so well covered with a cloth soaked in strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160), that it does not come directly into touch with the body of the conveyance;

(ii) the article is taken to the disinfecting station direct and the conveyance does not halt at any other place for transacting any business; and

(iii) excepting one attendant for the purpose of taking the infected articles to the disinfecting station no other person is carried in the conveyance.

26. Every conveyance in which a patient or a dead body of a person who has died of smallpox or any article that has been in contact with a patient is carried shall be disinfected before it is used again. The disinfection will be effected:—

(i) in the case of a conveyance carrying a patient to hospital, by the authorities of the hospital before such conveyance leaves the hospital;

(iii) excepting attendants for the dead body no other person is carried in the conveyance at the same time.

28. No person shall, without the written permission of the Health Officer, dispose of any corpse except by burning or burial.

29. The Health Officer or a Sanitary Inspector may approve burning or burial grounds and may by order direct either generally or specially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved by him.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

36. The Health Officer or a Sanitary Inspector may, with such assistant (if any), as he thinks fit, enter upon any land or after two hours' notice in writing, into any premises or building used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

(2) Persons desirous of being vaccinated in their own houses other than those specially exempted under sub-regulation (1) shall pay a fee of two annas for each vaccination for which they shall get a printed receipt; provided that the total amount of fees payable for any number of operations performed in one family at the same house and at the same time shall not exceed annas eight:
